SUMMER CAMPS FOR KIDS AGES 4 - 18

1. Little Houses on the Prairie

*A home made with animal skins,
a home made of log.
A home with no windows,
a home with bricks of sod.*

We will explore different types of homes from pioneer days. Come find out who built these homes, what they were made of, where they were built, what they did inside the houses, and why they did things that way! We'll be inside and outside, so come prepared for both.

Age 4 and 5 (not yet in kindergarten)

Instructor: Kristin Neufeld Epp

New Creation Preschool, Newton, KS

The camp will emphasize accurate visual representation; designation of building, job and tool functions; and collaborative work to build a larger historical or geographic model. Bring history to life through Minecraft!

* Ideally, each camper will bring a personal device loaded with Minecraft. The museum will have a limited number of computers to use.

We'll end the week with a sit-down dinner harvested and prepared by campers.
